

3/18/2024

Welcome WETA Members and visitors to our website. We thank you for your interest in WETA!

As with many organizations, the pandemic significantly affected our ability to connect with our membership throughout and after. As we move forward, we are recharging our organization. Specifically, we are focusing on WETA's mission and developing new strategies to meet the needs of our membership.

We are seeking individuals who will support and expand the Wisconsin Employment and Training Association's identity as a preferred workforce development and employment and training resource. Our goal is to provide members with:

- Advocacy
- A sense of belonging
- Meaningful training opportunities that support new initiatives
- Creativity
- Providing quality services for our customers.

Additionally, we are looking for board members who are interested in advocating for Workforce Development and Employment and Training professionals. Our current initiatives include:

- Increasing the diversity, inclusivity and geographic representation of our membership
- Promoting collaboration throughout the state of Wisconsin
- Providing support for employment & training and workforce development

Over the next few weeks, we will be reaching out to our current membership, as well as other professionals in employment and training and workforce development, to share our plan to move forward. Our purpose is to identify individuals who are ready to take an active role in establishing our organizational goals and direction. These individuals will have direct input regarding how the Wisconsin Employment and Training Association expands its future relevance and services.

Thank you,

WETA Interim Board of Directors
